MORE TIME ON SMART WORK

Canvas™ is the industry’s best-in-class workhorse of top-quality interactive touch screens.

With progressive collaboration functionality that remains simple and intuitive for users, Canvas produces active teamwork because it supports the way people naturally use technology to work together, annotate, and present.

Why Canvas?
- Deliberately designed for intuitive use
- Unrivaled Hitachi StarBoard Software
- Affordable, high performance solution
- Built for easy modular adoption
- Support-centric customer service

DESIGNED WITH THE END-USER IN MIND

The interactive touch screen that works so well it gets well used.

- **Extensive library of interactive tools.** A huge selection of easy-to-use tools can instantly be added to a personalized, on-screen toolbar. All settings are saved for each unique user.
- **Easily control content.** Finger-driven, no pressure required and multi-touch features make controlling digital content feel like second nature, even if it’s your first time.
- **Smoothly navigate through content.** Intuitively navigate through computer applications, websites, and multi-media to effectively leverage the content your session requires.
- **No external projector required.** Simply plug in the unit and gain instant access to all the benefits of intuitive, interactive whiteboarding.
Innovation, collaboration, and annotation start here.

- Include up to 50 users working together in a shared whiteboard space.*
- Unlimited content annotation capabilities using intuitive tools.
- Personalized search sites automatically deliver content at the touch of a finger.*
- Customized on-screen workspaces and toolbars for each user.

UNRIVALLED INTERACTIVE COLLABORATION EXPERIENCE

Conference
Share information with colleagues around the world in real time with the conferencing feature. With a shared whiteboard space, everyone can see, write notes and make changes easily.

Custom Toolbar
Expand or collapse the toolbar and adjust its height and orientation based on your preference. Easily add external files and apps to the toolbar, with the option to save it for future use.

Search Engines
Add up to 4 search engines to the software to easily access frequently used websites with search capabilities. Explore topics by selecting a word to seamlessly connect to any search engine.

Annotate
Whether working with files inside or outside of the StarBoard Software, annotating over documents has never been easier. Use the multitude of interactive tools to seamlessly markup digital content.

Layout Options
Customize the software’s interface to suit specific needs. You can work in full-screen mode or add the top menu bar, sidebar tabs, context toolbar, trash can, and page tab for enhanced accessibility.

Import Files
Import a variety of documents, including Microsoft Office, PDF, and multi-media files, enabling instant markup. Annotate over motion video to add a new dimension to your digital lectures and presentations.

*Unit must be connected to a computer with internet access
**IN THE PACKAGE**

| Multi-Touch High Definition Display | • |
| Hitachi StarBoard Software         | • |
| Logitech k400 Wireless Keyboard    | • |
| Intel Core i7 PC With Windows 7 64 Bit | • |

**TOUCH SCREEN**

- **Touch Technology**: Infrared with no pressure required
- **Sample Rate**: Up to 200 fps
- **Touch Points (Simultaneous)**: 6 points
- **Touch Method**: Finger, Stylus, Gloved Hand
- **Certificates**: RoHS, FC, CE, IP65, ISO9001
- **Report Resolution**: 32,768 x 32,768

**COLLABORATION SOFTWARE**

- **Hitachi StarBoard Software v9.62 Licensed Edition**: Customizable interface and toolbar, supports multi-touch and multi-user, programmable search engines, handwriting recognition, annotate on desktop, import multimedia files
